

7th May 2021

Dear Parent/Carer

In line with latest GDPR Policy, Oasis Community Learning are updating the method used to collect consent and the types of parental consent statements available.

As you will know, your consent for how we use your child's data has previously been collected using a paper form during the admissions process but we will now be switching to using the MyChildAtSchool (MCAS) App as the primary system for granting and revoking consent.

The wording of our consent statements is also being updated, therefore we are asking all parents to log onto MCAS and review their consent in preparation for the next academic year.

You may find that you have already provided up to date and GDPR compliant consent previously, in this case some or all statements will have your consent decision already recorded. Please still use this opportunity to check if there are any changes you would like to make and ensure every statement has a box ticked.

In other cases, the statements you have consent to previously using a paper form may be outdated and not appear on MCAS. As a result you will need to grant consent again. All records of inactive consent statements will still be held and available for you to see upon request, but these will not be visible on MCAS.

To update your consent on MCAS:

1. Log in to MCAS using web browser: <https://www.mychildatschool.com/MCAS/MCSParentLogin> or download the App free on any smart phone. (This is the same App you use to view student reports, attendance, receive messages and letters).
2. Click on 'Parental Consent' module
3. Tick 'YES, I give consent' or 'NO, I do not give consent' for each statement below:
 - To process student's biometric data
 - To receive information from Oasis about its work in the UK and worldwide
 - To receive marketing information about events in academy, hub & community
 - To release personal data to local or national media
 - To use images of the student in academy external print publications
 - To use images of the student in academy newsletter
 - To use images of the student in Oasis national internal and external print publications
 - To use images of the student on academy social media
 - To use images of the student on academy website
 - To use images of the student on Oasis national social media
 - To use images of the student on Oasis national website
 - To use images of the student within the academy
 - To use images of the student within the Oasis national office
4. Click save to process your changes

Please contact info@oasismayfield.org if you have any problems with logging in to MCAS or if you are unable to provide consent using this method.

Principal - Claire Taylor

Yours sincerely

Angela Hurd
Vice Principal
